Fabulous Feud

We've got our own "Steve Harvey" at Twilite Music and he goes by Ron Waterfield. Pit your finance team against your HR Department in this endlessly entertaining take on the classic Family Feud Game Show. Two "teams" square off but only one can be victorious. We provide all the equipment, sounds and questions. Just bring an audience and prepare to laugh the night away!

Game Show Mania

With zany sound effects, real digital scoring and a lightning fast electronic lockout system (first button pressed gets to guess the answer), our Game Show Mania is a fun live trivia game experience. The topics are endless, and even customizable to your company and industry. Looks and plays like a popular TV quiz show but outrageously more entertaining!

Wheel of Play

Based on the classic Wheel of Fortune, now your team can get in on the action. Spin the wheel, guess the letters and phrase and have a great time building your team and entertaining everyone at the same time. Prizes are always included but it's the experience that will last forever. This is our newest game show at Twilite Music and we are excited to bring all the action to your next event.

AIR Graffiti Wall

"You can learn more in one hour of play than in one year of conversation".

AIR Graffiti Wall is a unique and exciting product that allows the creation of virtual graffiti on a digital wall.

The interactive experience is operated with a rear projection screen, laptop, projector and infrared spray can.

As you press the infrared spray can, an infrared light beam is emitted which is tracked by the computer. The AIR Graffiti software converts the light beam into a virtual image that appears on the projection screen known as the "Digital Graffiti Wall", creating a vibrant and colorful drawing.

The output is a digital image file that can be printed and/or shared via email and social media networks such as: Facebook
